GENERAL INFORMATION

The Maximum Fund payment each calendar year is \$1,250.00 for each insured person, excluding Type I, orthodontia, and dental implants.

The following schedule lists the covered dental services and the Commonwealth of Massachusetts/NAGE Health and Welfare Trust Fund payment for those services. The same Maximum Fund Payment applies to services received from dentists in either of the Delta Dental networks or a non-participating dentist.

COVERED DENTAL SERVICES

Benefits are payable only for services as shown in the schedule of benefits. No other benefits or services are covered. The payment schedule is subject to change on a periodic basis at the Trustee's discretion. This schedule is effective July 1, 2026.

MAXIMUM FUND PAYMENT

The Maximum Fund Payment of \$1,250.00 for each calendar year for each insured person excludes all Type I Service, orthodontia, and dental implants. Any service provided after the \$1,250.00 maximum has been met are the responsibility of the member.

DELTA DENTAL IDENTIFICATION CARDS

Two identification cards from Delta Dental are mailed to all member's homes. Both cards are issued in the member's name but can be used by everyone covered under your plan. You must provide your dentist with the information that is printed on your ID card, so they know you are now a Delta Dental *PPO Plus Premier* member.

If you did not receive your card or need replacement cards, contact Delta Dental at 1-800-872-0500.

PRE-TREATMENT ESTIMATES

If your dentist expects that dental treatment will involve a series of covered services, he or she should file a copy of the treatment plan with Delta Dental BEFORE these services are rendered to you or your dependents. A treatment plan is a detailed description of the procedures that the dentist plans to perform and includes an estimate of the charges for each service. Pre-treatment estimates are recommended for any services that are \$300.00 or more but are not mandatory.

Upon receipt of the treatment plan Delta Dental will notify you and your dentist about the maximum extent of your benefits for the services reported. If your dentist does not file a treatment plan for a pre-treatment estimate, Delta Dental will decide the extent of your benefit based on a review of those services using standards that are generally considered as accepted dental practices.

DO YOU PARTICIPATE IN A FLEXAIBLE SPENDING PLAN?

A Flexible Spending Plan is a program that allows you to have a designated dollar amount of your paycheck put aside and held in an account until you need to use it for out-of-pocket healthcare expenses. The money is deducted before taxes are paid, allowing you to apply 100 percent of the money you earn and put aside toward eligible expenses.

Out-of-Pocket dental costs that are not covered by your dental insurance are an eligible expense under a Flexible Spending Plan. Some examples are Crowns/Bridges, Dental x-rays, Dentures, Exams/teeth cleaning, Extractions, Fillings, Gum treatment, Oral surgery, Orthodontia. For additional information call The Group Insurance Commission Health Care Spending Account Administrator at 1-866-862-2422.

ORTHODONTIA BENEFIT LIFETIME MAXIMUM: \$2,000.00

Reimbursement for orthodontic procedures up to 50% of the orthodontist's charges up to a lifetime maximum of \$2,000.00 for each insured person. Orthodontic treatment must be administered/supervised by a licensed dentist. Mail order orthodontic kits are not covered under this plan.

BENEFIT PAYMENTS FOR SERVICES PROVIDED BY NON-PANEL PROVIDERS

When covered services are furnished by a non-panel provider, such as for emergency care, services by non-participating dentist, you will be balanced billed for difference between the regular charge and the maximum payment made by the Fund. Any remaining balance payable to the non-panel provider is the member's responsibility.

FILING A CLAIM

1. EXPLANATION OF BENEFITS

Each time a claim is processed for you under this Plan, a written notice will be sent to you called an Explanation of Benefits (EOB), which will explain your benefits for that claim. This notice will tell you how Delta Dental Plan paid the claim or the reason it was denied.

2. WHO FILES A CLAIM?

Panel Providers: When the Delta Dental I.D. Card is presented to the Panel Provider, they will file claims directly to Delta Dental for the services covered by this program. Delta Dental will make benefit payments to them.

NECESSARY AND APPROPRIATE CHARGES

Benefits will not be covered that are not necessary and appropriate. Necessary and appropriate means consistent with the prevention of oral disease or with the diagnosis and treatment on (a.) those teeth that are decayed or fractured or (b.) those teeth where supporting periodontium is weakened by disease; in accordance with standards of good dental practice; not solely for your convenience or the convenience of your dentist. The determination of what is necessary and appropriate, under the terms of the schedule, is made by Delta Dental based on a review of dental records describing your condition and treatment. Delta Dental may decide a service is not necessary and appropriate under the terms of this schedule even if your dentist has furnished prescribed, ordered, recommended or approved the service.

EXCEPTIONS AND LIMITATIONS

THIS PLAN DOES NOT COVER:

1. Services not listed in this booklet.
2. Hospitalization for any dental procedure.
3. Services that are rendered due to the requirements of a third party, such as an employer or school.
4. Travel time and related expenses.
5. An illness or injury that Delta Dental determines arose out of or in the course of your employment.
6. A service for which you are not required to pay, or for which you would not be required to pay if you did not have this benefit.
7. A method of treatment is more costly than is customarily provided. Benefits will be based on the least costly method of treatment.
8. A separate fee for services rendered by interns, residents, and fellows.
9. A service rendered by someone other than a licensed dentist or a hygienist that is employed by a licensed dentist.
10. A service to treat disorders of the joints of the jaw (temporomandibular joint-TMJ) includes consultations.
11. A service, supply or procedure to increase the height of teeth (increase vertical dimension) or restore occlusion. Occlusion is the contact that teeth have when you bite down. Occlusion can be impaired/changed due to periodontal disease or problems with the jaw (TMJ).
12. Occlusal guard for the treatment of disorders of the joints of the jaw.
13. Services that are meant primarily to change or improve your appearance.
14. Lost or stolen dentures, bridges, space maintainers or periodontic appliances.
15. Lab exams.
16. Photographs.
17. Laminate veneers, which is bonding on the facial surface of teeth.
18. Duplicate dentures and bridges.
19. Services related to congenital anomalies. This exclusion does not apply to orthodontic services.

20. An illness, injury or dental condition for which benefits in one form, or another are available, in whole or in part, through a government program or would have been available if you did not have this benefit. A government program refers to dental coverage a member may have access to via the military or federal assistance program for low-income families.
21. Appointments with your dentist that you fail to keep. Some dentists, at their discretion, will require payment for broken appointments.
22. Consultations. Consultations are when a member may go to any number of dentists to assess and estimate potential services. This kind of consultation is different from a regular scheduled appointment.
23. Restoration for reasons other than decay or fracture, such as erosion, abrasion, or attrition.
24. Services, supplies or appliances to stabilize teeth when required due to periodontal disease such as periodontal splinting. Periodontal splinting is the tying and/or attaching of a loose tooth to permanent teeth. This is a temporary fix and may loosen other permanent teeth.
25. Temporary complete dentures and temporary fixed bridges or crowns.
26. Cast restorations, copings, and attachments for installing overdentures.

NOTE: All limitations and exclusions are subject to policies set by the Commonwealth of Massachusetts/NAGE Health and Welfare Trust Fund.

WHEN YOUR PANEL PROVIDER MAY CHARGE YOU MORE

If you and your dentist decide to use services that are more expensive than those customarily furnished by most dentists, benefits will be provided toward the service with the lower fee.

If you receive payment from another person or his or her insurance company for injuries, he or she caused.

If you receive services from more than one dentist for the same dental procedure or receive services that are furnished in a series during a planned course of treatment. In such a case the total amount of your benefit will not be more than the amount that would have been provided if only one dentist had furnished all their services.

ACCESS TO YOUR DENTAL RECORDS

You agree that when you claim benefits under Delta *PPO Plus Premier*, you give Delta Dental the right to obtain all dental records and/or other related information that they need from any source. This information will be kept confidential. If you receive services from a dentist who practices and treats you outside Massachusetts, you must help them obtain all dental records or other related information they need. Delta Dental will not pay the dentist to provide this information. If the dentist does not provide the required information, Delta Dental may not provide benefits for his or her services.
